## Press Release

### ***Robb Archie Endorsed By The Nevada Republican Assembly, Wins With Common Sense Campaigning Among Voters***

**South Reno, Nevada** - After a very competitive endorsement convention, where all the candidates for Assembly District 26 were present, Robb Archie was endorsed by the Nevada Republican Assembly.

***Many Thank Yous To The NVRA:*** "It's a real honor to be recognized by a group that is so passionate about America's values and it's history. Our country is a sovereign nation, with a Constitution that is the basis for all of our government activities. This should be the guiding principles behind every public office holder and candidate. These are the traditions I will protect in the Nevada Legislature."

***Campaign With Common Sense, Keep It On Policy:*** "The primary campaign is already becoming very competitive, and as a candidate, I pledge to "Campaign with Common Sense", and keep it on the policies we are debating. That is where the discussion should be, and as Republican candidates, I pledge to lead by example, and hope others do the same."

A resident of Assembly District 26 for 30 years and a successful businessman in contracting and manufacturing, Robb Archie, his wife Carrie and three children have a track record of dedication to Nevada, and preserving our lifestyle.
